

Dear City Council Members,

I am a proud resident of beautiful Corpus Christi. I value our community and am writing to ask you to do the same. Say **NO** to tax breaks for the Las Brisas Energy Center that will double the pollution of Nueces County!

I want Corpus Christi to have an environmentally clean economy. Give tax breaks for energy efficiency, renewable energy and green jobs, not for a new polluting power plant.

Sincerely,

(Signature)

A Dirty Coal plant is being Proposed for the Nueces Bay

*It will be the largest source of
pollution in Nueces County*

We need your help to stop it
